

Summer fun!

Summer Bootcamp · Ages 12-17

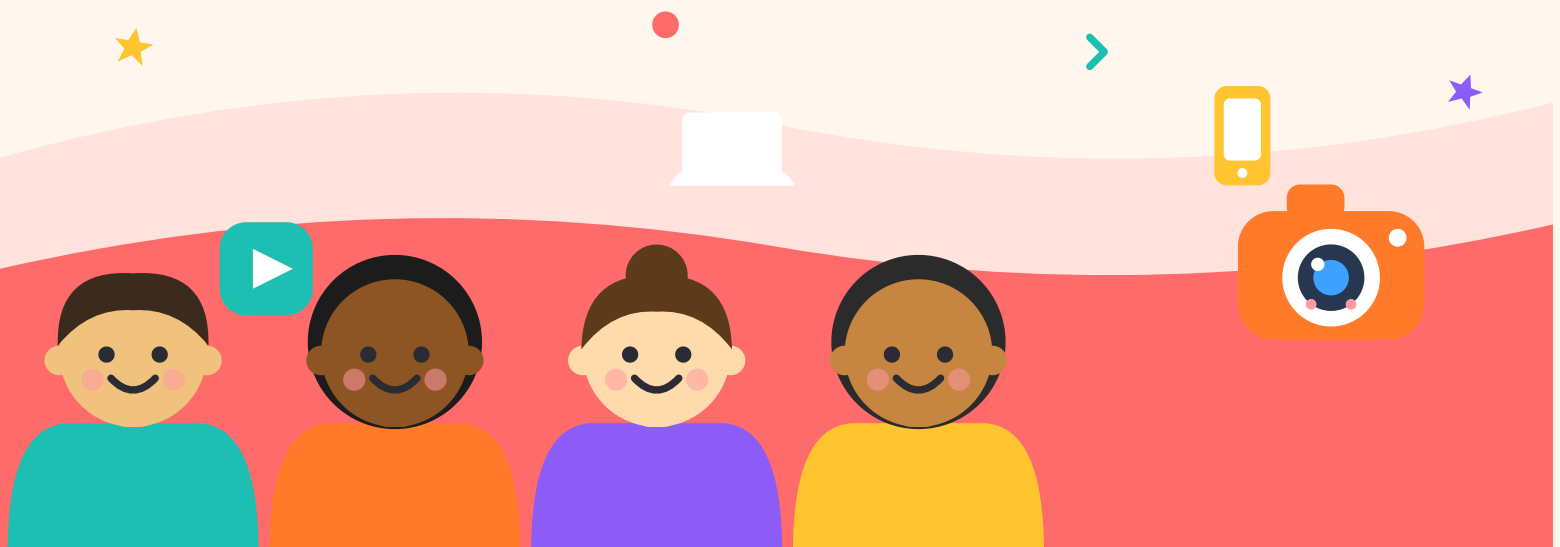

Digital Creators Bootcamp

A fun, hands-on summer where kids and teens learn to plan, film, edit and share amazing content. Creativity, tech skills and summer fun, all in one!

Ages 12-17

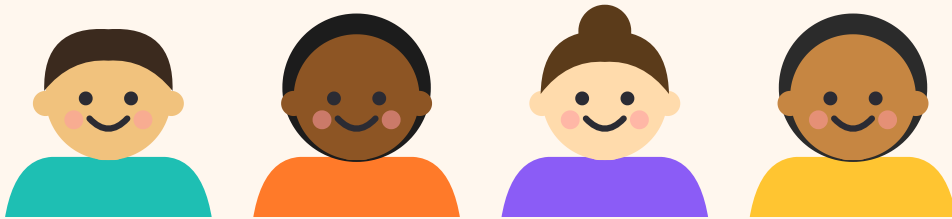

Onsite & Online

NGN 100,000

Give your child a creative summer

This exciting bootcamp is designed for kids and teens (ages 12-17) who want to explore digital content creation. From vlogging and photography to social media storytelling, they will learn to plan, film, edit and share content using popular tools and apps, setting them up to be confident, future-ready creators.

Who it's for

Kids & teens (12-17)

Budding vloggers

Young photographers

Aspiring designers

Future influencers

What you'll learn

Skills they'll pick up, step by step

01

Get Started Online

Meet the digital platforms creators use and how great content gets made.

02

Photos & Photoshop

Mobile photography basics, an intro to Photoshop and graphic design.

03

Video & CapCut

Mobile videography plus hands-on video editing with CapCut.

04

Storytelling

Turn ideas into stories that people love to watch and share.

05

Build Your Brand

Personal branding basics and a positive, creative online presence.

06

Stay Safe & Smart

Social media ethics and safety, so they create responsibly.

Why parents love it

Learning that feels like play

Hands-on projects

They learn by making real photos, videos and posts, not just watching.

Small, friendly groups

Encouraging mentors keep every child engaged and confident.

Onsite & online

Join in person in Abuja or from home, whatever suits your family.

A showcase to be proud of

Every child finishes with content they created and can show off.
