OFFICIAL ACADEMIC PARTNERSHIP

Master's in Disability Studies

Federal University of Lafia

Center for Disability Studies, in partnership with Deaf-in-Tech

2025 / 2026 Academic Session

A postgraduate programme built for access

Federal University of Lafia, through its Center for Disability Studies, runs the Master's programme in Disability Studies in partnership with Deaf-in-Tech, the inclusion programme of Data-Lead Africa. The partnership brings practical technology teaching and browser-based assessment to postgraduate students, with results reported directly to the University.

Deaf-in-Tech

Sessions delivered in sign language

Studying with Deaf-in-Tech

Deaf-in-Tech is Data-Lead Africa's inclusion programme for Deaf and hard-of-hearing learners in data and technology. Sessions are delivered in sign language and every assessment is written, so nothing depends on hearing.

TO BE CONFIRMED | APPLICATIONS FOR THE NEXT SESSION

Application link, opening and closing dates for the next intake.

Second semester courses

CODE	COURSE	EXAMINATION	TIME
MDS 823	Disability Service Administration	28 Aug 2026	4pm to 5pm
MDS 824	Disability Law and Policy	31 Aug 2026	4pm to 5pm
MDS 825	Independent Living and Community Inclusion	2 Sep 2026	4pm to 5pm
MDS 826	Research Method for Disability	4 Sep 2026	4pm to 5pm

TO BE CONFIRMED | FIRST SEMESTER COURSES

The first semester course list has not been supplied. Send it and it will be added here.

What each course covers

MDS 823 Disability Service Administration

Models of disability and how they shape provision, the design and administration of public disability services, the role of government and the analysis of policy in practice.

MDS 824 Disability Law and Policy

Rights instruments and national legislation, the Nigerian legal and policy framework, enforcement in practice, comparison across countries, and the place of activism in reform.

MDS 825 Independent Living and Community Inclusion

The philosophy and practice of independent living, normalisation, personal assistance, and the distinction between integration and genuine community inclusion.

MDS 826 Research Method for Disability

Research design with and about disabled people, sampling, survey and focus group methods, qualitative and quantitative approaches, and the ethics of research with participants.

TO BE CONFIRMED | AWARD, DURATION, ENTRY REQUIREMENTS AND FEES

The degree title as awarded, programme duration, entry requirements, fee schedule and application deadline all need to come from the Center for Disability Studies.

TO BE CONFIRMED | ADMISSIONS CONTACT AND HOW TO APPLY

Admissions email, telephone number and the application link for the next session.

Enquiries

Center for Disability Studies, Federal University of Lafia
Deaf-in-Tech, a programme of Data-Lead Africa | www.dataleadafrica.com

Before the day

- 1 Go to www.dataleadafrika.com/exam and choose Register.
- 2 Enter your full name, matriculation number, email address and phone number, exactly as they appear on your university record.
- 3 There is no password. You will sign in with your matriculation number and the email address you registered with, so use one you can recall.
- 4 Register in advance. Do not leave it until the paper has opened.

On the day

- 1 Sign in shortly before 4pm. Your paper appears by itself when the window opens.
- 2 Your own clock starts when you press Begin, not at 4pm. It is the shorter of the paper length and the time left in the window, so beginning at 4.50pm gives you ten minutes, not twenty.
- 3 Answer in any order. Use the numbered grid to move about, and change any answer until you submit.
- 4 Your answers save as you go. If your phone dies or the connection drops, sign in again and carry on with the same time remaining.
- 5 At the end of the window everyone is signed out and anything saved is submitted for you. Nobody loses a paper by running out of battery.
- 6 When you submit you are given a reference code. Show it to your invigilator.

What you need

A phone, tablet or laptop with a web browser, a stable internet connection, and your matriculation number. There is nothing to download and nothing to install. Every instruction and every question is written on screen, so no part of the assessment depends on hearing.

TO BE CONFIRMED | APPLYING FOR THE NEXT SESSION

Applications are made through the FULafia School of Postgraduate Studies at spgs.fulafia.edu.ng. Entry requirements, fees and closing dates to be confirmed by the Center for Disability Studies.
