

Beep boop!

1-Month AI Bootcamp · Kids & Teens

AI & Machine Learning for Kids

A month of curious, hands-on fun where kids discover how machines learn, train their very own AI and build a smart project, safely and responsibly.

1 Month

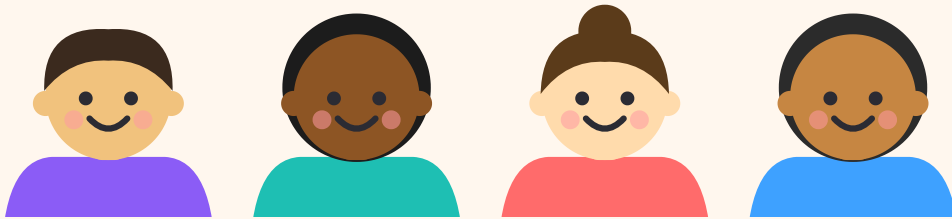

Kids & Teens

NGN 100,000

Discover how machines learn

Artificial intelligence is all around us, in phones, games and apps. In one month your child learns what AI really is, trains their own simple models with kid-friendly tools, builds a smart project and explores how to use AI fairly and responsibly.

Who it's for

Kids & teens

Total beginners

Curious minds

Young inventors

Future AI creators

From curious to creator

01

What is AI?

Spot AI all around us and understand how machines learn.

02

Teach a Machine

Train a simple AI to recognise pictures and sounds.

03

AI Sees & Hears

Fun experiments with image and sound recognition.

04

Games & Chatbots

Build simple smart games and friendly chatbots.

05

Fair & Friendly AI

Explore fairness and how to use AI responsibly.

06

My First AI Project

Create an AI project and present it to the class.

Why parents love it

Learning that feels like play

Hands-on and playful

Kids train real models with simple, visual tools, no hard maths.

Beginner friendly

No coding or experience needed. Everything starts from scratch.

Onsite & online

Join in person in Abuja or from home, whatever suits your family.

Safe and responsible

We teach kids to use AI kindly, fairly and safely.

DURATION

1 Month

AGES

Kids & teens

FORMAT

Onsite & Online

FEE

NGN 100,000

The fun part

What your child walks away with

- ✓ Understand what AI is and how it learns
- ✓ Build a fun AI project
- ✓ Think about fairness and safety
- ✓ Train a simple machine-learning model
- ✓ Explore image and sound recognition
- ✓ Present their own creation

Tools & apps they'll use

Teachable Machine

Scratch

Kid-safe AI tools

Fun datasets

How to enrol

1

Register

Fill the quick enrolment form for your child.

2

Reserve a seat

Make the one-time payment to hold their place.

3

Start exploring

Get the welcome pack and train your first AI.

ONE-TIME FEE

NGN 100,000

Enrol now

Let's build something smart!

Registration is open. Spark your child's curiosity with a friendly first taste of AI.
