# About Data-Lead Africa

**“We turn data into insight, and insight into decisions.”**

RESEARCH · ANALYTICS · TRAINING

Data-Lead Africa is a research and training consulting firm providing monitoring & evaluation, data analytics, data science training and strategic consulting services. We combine statistics, research methods and technology to process data into insight.

Our core expertise spans research and data collection, data analysis and data science training, monitoring & evaluation, and business, human-resource and market-research analytics, delivered by a team of seasoned industry experts.

## PARTNERS & CLIENTS WE HAVE WORKED WITH

# Built to launch your career or business

The Employability and Entrepreneurship Bootcamp equips young professionals, recent graduates and aspiring entrepreneurs with the skills, mindset and tools to thrive in the workforce or build a business. In two hands-on weeks you gain practical, real-world knowledge that sets you apart. It follows a clear path:

**01**

## Discover

Find your strengths and your path, a great job or your own business.

**02**

## Build

Gain the practical skills employers and markets actually reward.

**03**

## Apply

Create your CV and LinkedIn, or shape and pitch your business idea.

**04**

## Launch

Step into the workforce or start your venture with confidence.

## What you'll be able to do

- Write a standout CV and optimise your LinkedIn
- Turn a business idea into a tested business model
- Market and grow a small business
- Communicate and interview with confidence
- Plan basic finances and pitch for funding

## — HOW IT WORKS

# A programme that builds real experience

Five ways we take you from learning to doing.

### **Recorded video lessons**

High-quality, easy-to-follow video content you can learn from at your own pace.

### **Onsite & online**

Join and collaborate with other learners both in person and online.

### **Peer-review sessions**

Share knowledge with fellow learners and gain new perspectives on problem-solving.

### **Real-world case studies**

Apply what you learn to solve related business problems on live projects.

### **Capstone project**

Build and present a capstone to complete the programme.

#### DURATION

**2 Weeks**

#### DELIVERY

**In-person &  
Online**

#### LOCATION

**Abuja, Nigeria**

## — THE TOOLKIT

# Tools you'll master

You'll graduate with the practical tools and frameworks that employers and founders rely on.

CV & LinkedIn

Google Workspace

Microsoft Office

Business Model Canvas

Lean Startup

Pitch Deck

## — CURRICULUM

# Four core areas, one capstone

### Get Hired

A standout CV, LinkedIn profile and strong interviews.

### Be Professional

Communication, work ethics and emotional intelligence.

### Start Up

Turn an idea into a tested business model.

### Grow

Finance, pitching, marketing and branding.

# Modules 01–04

01

## CV, Applications & Personal Branding **Employability**

Get noticed by employers with a standout application and a clear personal brand.

- Writing a standout CV and cover letter
- Job applications that get responses
- Building and presenting your personal brand

02

## Communication & Interview Skills **Employability**

Speak, write and interview with confidence in any professional setting.

- Clear, confident workplace communication
- Interview preparation and practice
- Presenting yourself professionally

03

## Professionalism & Emotional Intelligence **Employability**

Show up as someone teams want to work with and employers want to keep.

- Work ethics and workplace conduct
- Emotional intelligence at work
- Teamwork and professionalism

04

## Digital Literacy & Career Tools **Employability**

Master the everyday tools of the modern workplace and take charge of your career.

- Google Workspace and Microsoft Office essentials
- Everyday workplace and productivity tools
- Career planning and LinkedIn optimisation

## Modules 05–08

05

### Business Ideas & Validation **Entrepreneurship**

Turn a spark of an idea into something people actually want.

- Generating and screening business ideas
- Validating ideas with real customers
- Spotting genuine market opportunities

06

### Business Models & Lean Startup **Entrepreneurship**

Design how your business creates value, then test it fast and cheaply.

- The Business Model Canvas
- Lean startup methods
- Testing and iterating quickly

07

### Finance, Pitching & Fundraising **Entrepreneurship**

Understand the numbers and win the support your idea needs.

- Financial planning and budgeting basics
- Pitching your business with confidence
- Fundraising fundamentals

08

### Marketing & Branding **Entrepreneurship**

Get your product in front of the right people without a big budget.

- Branding for small businesses
- Low-cost marketing that works
- Reaching and keeping customers

### Capstone Project

Finish with something you can use straight away: a polished CV, LinkedIn profile and interview practice, or a validated business idea and pitch, presented to complete the programme.

# Ready to join?
